POMP, CIRCUMSTANCE, AND OTHER SONGS OF A LIFETIME

—by Professor David Citino, 1947-2005, Late University Poet Laureate
(Originally presented as the 2000 Winter Commencement address)

If you're like me, you've got a big head,
not to mention a funny robe, full of music—
poems and melodies, the tunes
we move to, shower and shave by,
study, write to. Not just the incidental,

but the momentous music keeping time.
Our histories are measures of song.
Listen to your heart: drums of Africa,
sea-spume of blind, far-sighted Homer,
Sappho's honeyed love lyrics. Often,

music speaks for us, one note saying
a thousand words. Like Rodolpho
in Puccini's *La Boheme*, *Sono un poeta*.
I am a poet. *Che cosa faccio?* What
do I do? *Scrivo*. I write. *This ceremony*

is loud music—pomp and circumstance
of the life you began freshman year
or that first day of graduate school.
In my head I press *Play*, and the CD
of Big Days kicks on. I leap and linger

over moments too sweet, nearly, for words.
I'll never escape rhymes from the nursery.
*Up above the world so high, like a diamond
in the sky*. We knew from the start
our universe was aglow with wonder.

Italian, Latin, English songs in nasal accents
of Cleveland. *Gaudeamus igitur, Juvenes
dum sumus*. So, let us rejoice, while
we are young. Youth is that gift we can't
comprehend while we're young. *This ceremony*

means you all are less young than you were.
Don't let the heavy knowledge gained
from your studies deprive you of the gifts
of youth, to be able to rejoice at the drop
of a hat, to care for, be moved by others.

Now I hear golden hits of five decades.
Big Mama Thornton, and that so-called *King*
(King of what, fried butter sandwiches?)
who stole away her hound dog. *You ain't
never killed a rabbit, you ain't no friend*

of mine. As with those profs and TAs,
course after course, you had to produce—
kill some rabbits—to earn respect.
And at times OSU may have seemed
like Heartbreak Hotel, down at the end

of Lonely Street, so difficult was it
to do your best. Tennessee Ernie Ford,
"Sixteen Tons": *St. Peter don't you
call me 'Cause I can't go. I owe
my soul to the company store*.

You have been digging deep in mines
of knowledge. We all owe our souls
to Ohio State, company store of learning,
shared experience—precious ore
we have in common forever.

Now I hear Domenico Modugno's
fervent urging to wish, sing, fly,
Volare, Wo-oo. Cantare, Wo-a-a-o.
My grandfather was a peasant farmer,
a *contadino* in Calabria in the toe

of Italy. He knew it's the human lot
to dream of flying. *Lucky, lucky,
lucky me, I'm a lucky son-of-a-gun*.
I work eight hours, I sleep eight hours.
That leaves eight hours for fun.

Hey! He sailed in steerage across
the Atlantic, came to Cleveland, where
he stayed long enough to work 52 years
for the B&O Railroad, before lying down
to rest in good Ohio soil. So many of us

here today came from elsewhere,
or ancestors did. From Tennessee, Italy,
Africa, Asia, Appalachia—even,
President Kirwan, the wilds of Kentucky
and Maryland. Women and men with backs

supple as birch trunks. The courage
it took to pick up stakes and begin again
in a new world! Think of the work
those older ones did. For you. You all
are facing a change right now.

This sheepskin is your passport.
You're bound for emigration to
the next song of your life. Ohio State
is the ark on which you've been sailing.
You've been the precious cargo.

But, as Noah once said, *I can see
clearly now the rain is gone*. The ark,
our university, was filled to overflowing
with the *diversity* of us. *Diversity*.
Networks and talk shows devalue the word.

I say, rather, *the richness of us*,
precious difference, the grand multiplicity
of selves that balance this globe
and enable it to spin true. Grandson
of peasant immigrants, I was given

the opportunity to earn a doctorate
in English literature from Ohio State—
because my family labored long nights
around the kitchen table trying to learn
this arduous English. I sat where

you're sitting twenty-six years ago.
Bob Dylan and Smokey Robinson got me
through. Yes, it took a prophet and Miracles!
My son earned an OSU Ph.D. in history.
Now you, graduates, are being honored—

by degrees. We've all come together
around the kitchen table of Ohio State.
Ohio, *Round on the ends and high
in the middle*. For the years to come
we'll sing together, *Beautiful Ohio*,

*in dreams again I see, Visions of what
used to be*. These psalms, sacred thoughts
of our tribes, 78's and 33's, tapes,
CD's—they take up space in shelves
of our skulls, our hearts. They remind us

we want a song beyond the run-
of-the-mill thrill, the moment throbbing
with pleasure or bathed in the blues.
We ache for something grander than
pure selfishness. Songs sung for one

alone are not true music. Arias shared
are music of the spheres, ways of saying
to another something from the soul.
Of course the Buckeye Battle Cry
is there. *Drive, drive on down the field*,

*Men (and women!) of the Scarlet
and Gray*. Well, you drove on down
the field, and you drove up and down
the streets, around and around
crowded lots, looking for a place to park,

and you searched our dark, ancient library
for a decent place to study. My wife,
Mary's, father marched in the first
"Script Ohio," in 1936. He's here today
with us, blowing his horn. I can't help

but feel, as is the sweet mother
I lost last year, the one who gave me
the stars. Today's music makes us think
of the debts we owe, and never can repay.
So many of us would not be here

were it not for the lullabies and songs
of dear parents, their parents, theirs.
Some are here today in the flesh.
Many are not. We mourn them with cadences
of our hearts. Think how many people

sang before us, gave us a name, a voice,
taught us the right words. We must
cherish them by remembering every song.
When we sing to others, we honor
our fathers and mothers, thank them

for this day of profound scarlet and gray
pomp and circumstance. *O, come
let's sing Ohio's praise, And songs
to Alma Mater raise*. Alma mater.
Ohio State is our sweet, nurturing mother.

We came of age here, with her help.
*Well, Mother, we love you, but, like,
it's time we moved out, got a place
of our own. You're standing there,
Mom, gray hair, eyes scarlet*

from crying. We won't forget you.
Now, even though this ceremony
means we're being weaned, taken off
the nipple, let's take care to cherish her
all our days. Let's remember

the words to the songs she taught us,
and pass them on. We'll remember
always, Graduation Day. *Summer's heat,
and winter's cold, The seasons pass,
the years will roll, Time and change*

will surely show How firm thy friendship.
O-hi-O. We call that little number
Carmen Ohio. *Carmen* means *song*
in Latin. You've worked hard; she
is your reward; today is your reward.

You're filled to overflowing with
the notes, the poems we've written
together. You know the score.
Continue to work hard for yourselves,
and one another. Find the ones who need

you to sing to, for them, in the world.
Graduates, this joyful litany, this hymn
our ancestors collaborated on with us,
the calling of your name today is music
to our ears. Sing that name proudly

all your days, as if your life depended
on it. It does, you know. It has been
an honor for me to speak—and sing—
to you today. Thank you, graduates,
and, again, Congratulations.

Recessional

Excerpts from the commencement ceremony will be broadcast on WOSU-TV, Channel 34, on March 22 at 5:30 p.m.

President Gee looks forward to personally congratulating graduates on the stage immediately following the ceremony.

Curtis J. Moody

Curtis J. Moody is president, CEO, and principal-in-charge of design of the Columbus-based Moody•Nolan architecture firm, the largest minority-owned architectural firm in the nation.

Mr. Moody began his architecture practice in 1982 and since then has been involved in the design of projects exceeding several billion dollars in construction. A 1973 graduate of what is now The Ohio State University Knowlton School of Architecture, he has served as principal architect for a number of campus buildings, including the new Ohio Union, the Jerome Schottenstein Center, the Recreational and Physical Activities Center, and the Jesse Owens Memorial Stadium.

His many projects in Columbus include the Ohio Statehouse renovations, the Port

Columbus Airport expansion, Gowdy Field North, the Center for Science and Industry (COSI), the East High School renovation, and the Smith Brothers Hardware renovation. Farther afield, his projects include the Cincinnati Public Schools' School for Creative and Performing Arts, the Ithaca (N.Y.) College Athletics and Events Center, Purdue University's Recreational Sports Center expansion and renovation, and Morehouse College's Forbes Arena in Atlanta.

A strong supporter of his alma mater, Mr. Moody used his design fees for Ohio State's Frank W. Hale Jr. Black Cultural Center to establish an endowed scholarship for an outstanding minority student studying architecture. He is currently a member of The Ohio State University

Alumni Association Board of Directors and has served on the Knowlton School's Alumni Board of Governors, the Athletic Council, and the National Major Gift Committee for Columbus.

He is the recipient of the university's 2002 Distinguished Service Award and the 1994 Distinguished Alumni Award. His many other honors include the President's Exemplary Service Award from the National Organization of Minority Architects (NOMA) and the 2007 Gold Medal Award from the Ohio Chapter of the American Institute of Architects (AIA). Mr. Moody is a winner of the AIA's prestigious Whitney M. Young Jr. Award, and his designs have won more than 147 design citations—more than any other minority architectural firm in the nation.

RECIPIENTS OF HONORS

Richard D. Rosen

DISTINGUISHED SERVICE AWARD

Richard Rosen is corporate vice president and executive director of Battelle's education and philanthropy partnerships that are intended to measure student achievement, assist with professional development for teachers, and promote inquiry-based teaching, especially in the science, technology, engineering, and math (STEM) disciplines. He also serves as executive director of the Ohio STEM Learning Network, a public/private initiative with the State of Ohio and the Bill & Melinda Gates Foundation.

During his 29-year career at Battelle, Mr. Rosen has held corporate and senior management positions across the organization, including general management of product development and medical device technical groups. In his current role, he has

played a leading role in building the increasing partnership between Battelle and The Ohio State University, where he received his master's degree in biomedical engineering. Working closely with the university's College of Education and Human Ecology, he helped create Metro High School, a Columbus public school that stimulates student interest in the STEM disciplines.

Mr. Rosen was instrumental in the establishment of the Battelle Center in Math and Science Education Policy at the John Glenn School of Public Affairs and has collaborated with the University Medical Center in winning Ohio's Third Frontier Program grants for cardiology, cancer, informatics, nanotechnology, and imaging proposals. He has served on Ohio State's

Biomedical Advisory Council and was a key player in the creation of TechColumbus, receiving the BioOhio Leadership Award for his work in bioscience industry advancement in Ohio.

Mr. Rosen also was a leader in the creation of The Ohio State University Urban Arts Space at the renovated Lazarus Building in downtown Columbus, as well as the WOSU@COSI Battelle Studio, which is now linked to Metro High School and other statewide emerging STEM programs.

In 2007, Ohio State's College of Engineering honored him with a Distinguished Alumni Award, and, in 2009, he received an award from the National Society of Black Engineers for his dedication to furthering STEM education.

Carl D. Smallwood

DISTINGUISHED SERVICE AWARD

Carl D. Smallwood is a partner in the Columbus office of Vorys, Sater, Seymour and Pease, LLP, a 385-person law firm.

After earning his BS in business administration and international business at The Ohio State University and his JD from the university's Moritz College of Law, Mr. Smallwood joined Vorys in 1980, becoming a partner in 1987. As a member of the firm's litigation group, he represents clients in litigation, arbitration, and mediation of employment-related injury, wrongful termination, professional negligence, and toxic exposure disputes.

In 2002, as the first African American president in the history of the 4,800-member Columbus Bar Association, Mr. Smallwood developed and led the Managing Partners' Diversity Initiative

(MPDI), a commitment by 22 local law firms to make a concerted effort to recruit, hire, retain, and promote minority lawyers. Since 2000, the number of minority attorneys at the represented firms has grown by 102 percent. He currently serves as the president of the Law and Leadership Institute, a statewide diversity pipeline program for promising high school students.

Mr. Smallwood continues his active involvement with his alma mater, where he has served as president of the Law Alumni Society and the Black Law Alumni Society. He was a member of the Moritz College of Law National Council from 1998 to the present and served as an adjunct professor in trial advocacy in 1998-99. In addition, he co-chaired a solicitation effort at Vorys that established a designated professorship in honor of John C. Elam, the firm's former managing partner.

In 2001, Mr. Smallwood was named a "Lawyer of the Year" by *Ohio Lawyers Weekly*, and he has been elected to Ohio Super Lawyers for the past six consecutive years. The Ohio State University Alumni Association recognized him with the Josephine Failer Award in 1994 and the Heinlen Award in 2001. He is also the recipient of the Columbus Urban League's 2001 Award of Excellence. Earlier this year, Mr. Smallwood was honored by the Columbus Bar Association for his contributions to diversity in the Columbus legal community.

He is the second Smallwood to serve Ohio State. His father, Dr. Osborn Smallwood, served as director and vice president for international affairs at the university in the 1970s.

The Ohio State University 2010 Class Gift

On the eve of graduation in 1891, a group of Ohio State students planted five elm trees on the Oval. Now, more than a century later, "The Five Brothers" grove still grows and the tradition of bestowing a Class Gift upon the university continues.

Through the years, graduating seniors have helped shape the campus experience of countless students, alumni, and friends of Ohio State by offering a Class Gift. The chimes of Orton Hall, "The Long Walk" on the Oval, the beautification of Mirror Lake, and University Hall's tower clock are but a few of the special projects funded by students wishing to commemorate their time spent at this great university.

Now, the Class of 2010 has an opportunity to leave a unique legacy and participate in Ohio State's history of giving. By making a gift to Ohio State, graduating seniors can express appreciation for the education they have received while leaving an indelible environmentally sustainable mark on their alma mater. The Cunz Hall Rain Garden will be enjoyed by students for years to come.

As we continue to build for the future by building on the foundations of the past, graduates who wish to commit \$20.10 (or other amount) as part of the 2010 Class Gift may do so online at studentcampaign.osu.edu.

The university congratulates the graduates of 2010, and thanks them for their contributions to the Ohio State community.

A MESSAGE FROM PRESIDENT GEE

Graduates:

Today is a day for celebration. After countless hours of studying, days of anticipation, and years of dedication, you are leaping into the next stage of your life. Humor me in believing that it was not too long ago when I was in your shoes. I remember those feelings very well: nostalgia for the past, anxiety for the present, and excitement for the opportunities that await.

You are entering a world that needs you and the skills and knowledge you gained at Ohio State. Feeling nervous? Embrace that feeling, knowing that you may experience struggles in times to come but reminding yourself that you have faced and overcome many struggles as a college student. Set your standards just out of reach, and yours will be a story worth telling.

Your generation has a wonderful ability to collaborate, to think outside the box, and land on your feet in an unexpected place. Think of today as a stepping-stone. I urge you to use it to explore how you can make this state, this nation, and our world a better place. As a graduate of The Ohio State University, you are uniquely prepared to effect change. I expect you to lead the way. And I hope you will drop me a postcard to tell me how you are doing.

THE ACADEMIC COSTUME

The colorful ceremonies of The Ohio State University commencements derive from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings called for caps and floor-length capes with attached hoods, and the sobering influence of the church probably influenced the staid character of the caps and gowns.

As the control of the universities gradually passed from the church, some

aspects of the costumes took on brighter hues. Old prints and engravings, however, reveal a strong similarity between the regalia worn in early universities and that of the present day.

In light of our nation's English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity in regard to the practice, an intercollegiate commission was formed to prepare a code for caps, gowns, and hoods that has since been adopted by all academic institutions.

Originally round, the shape of the cap is now the familiar mortarboard square—a

shape which, according to ballad folklore, resembles a scholar's book. Legend also has it that the privilege of wearing a cap was the initial right of a freed Roman slave; the academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers any dress that might indicate rank or social status. The hood, reserved at The Ohio State University for those receiving doctoral and master's degrees, not only indicates the type of degree, but also is lined with the official colors of the university.

The Gown

Bachelor: The bachelor gown is black, full cut with long pointed sleeves.

Master: The master gown is black, long or short sleeves, with an arc-shaped panel extended for each sleeve.

Doctor: The Ohio State University Doctor of Philosophy gown is scarlet with gray velvet panels on the front and three velvet bars on each sleeve. Other doctor gowns are black with velvet panels and bars, the color of which is distinctive of the field of study.

Honors Emblem

The Ohio State University honors emblem is a scarlet and gray tasseled braid worn over the gown. Students eligible for this curricular honor are those graduating *summa cum laude*, *magna cum laude*, *cum laude*, with distinction, and with honors.

The Hood

Bachelor: Three feet long with a two-inch-wide velvet edging.*

Master: Three and one-half feet long with a three-inch-wide velvet edging.

Doctor: Four feet in length with a five-inch-wide velvet edging and panel at the sides.

The lining of all hoods, which is folded out, bears the official colors of the institution granting the degree. The color of the velvet indicates the field of study.

Cap and Tassel

Candidates for degrees at The Ohio State University wear the black mortarboard with a tassel whose color is distinctive of the degree being received. The tassel colors are as follows:

Graduate School (PhD)	Gray
